Parish Day of Prayer for Marriage & Family Life: Today Sunday 20th January. As we begin another year of this special prayer, we would like to thank all you people for your generosity month by month. And encourage you to continue with this in the year ahead. There may be times when you feel like giving it up but this prayer is needed more now than ever. To make this prayer continuous, many people in our parish have committed themselves to a specific hour of prayer in such a way that the whole day and night are covered. This month we ask you to pray for Couples getting married in the parish this year. Everyone is invited to join in this prayer, either by taking on an hour, or by including this intention in their own prayer during that day. One of the purposes of this prayer is to highlight the importance of Marriage and Family Life for the Church and for society. A second purpose of it is to acknowledge the responsibility the parish has for the health and well-being of marriage and family life because of the Sacramental relationships that have been established between couples, families and the parish community.
