**Catholic School's Week:** 2019 will run from 27<sup>th</sup> January to 3rd February 2019. The theme for Catholic Schools Week this year is Catholic Schools: Celebrating the Work of Our Local Catholic Schools.

As Irish society changes, it is important that we reflect on the unique contribution of Catholic schools to our collective goal of education. Each Catholic school shares an ethos that is inclusive, welcoming and vibrant. Each school works towards a vision of each student as made in the likeness and image of God (imago Dei).

This means that we work towards helping each child, irrespective of background, ethnicity or creed, reach their full potential academically, spiritually and socially. To be in the likeness and image of God means that we have the capacity to truly care for ourselves, each other and the environment around us. While each Catholic school shares this profound commitment to this vision, every school does this differently. Each school is influenced by the community it serves; be it large urban schools, small rural schools, schools with a wide variety of ethnicities and every school in between. For this reason, every Catholic school works in a unique and distinctive manner in educating each child to holistically develop their talent, skills and potential. Saint Paul writes in his first letter to the Corinthians; 'For just as the body is one and has many members, and all the members of the body, though many, are one body, so it is with Christ.' Each Catholic school is a vital member of the one community which is called to work towards the Kingdom of God. Each Catholic school contributes to this mission in a unique way. This year, celebrate the unique contribution and work of your own Catholic school.
